

KATFACS PROGRAM OF WORK 2021-2022

GOAL 1: PROGRAM IMPROVEMENT

Nurture excellence in Family and Consumer Sciences Programs.

- Develop Family and Consumer Sciences Programs relevant to the needs and concerns of today's rapidly changing society with emphasis on empowering individuals, strengthening families, enabling communities, and preparation for careers in Family and Consumer Sciences.
- Provide updated information and resources through multiple venue's (conferences, website, virtual sessions, etc.)
- Identify and develop networks of individuals, organizations, and businesses to help support educators.
- Communication through KATFACS leadership, members, and FCS educators.

GOAL 2: MEMBERSHIP GROWTH

Promote membership growth and strengthen services to members.

- Increase membership through recruitment of new members and retention of current members.
- Provide membership services and benefits that are important to members.
- Recognize members, businesses, corporations, and other individuals for outstanding contributions to Family and Consumer Sciences Education.
- Select scholarships recipients for future educators.
